Best In Virginia

Appomattox people can truly point with pride at our remodeled court house. We believe it is the most attractive in Virginia.

An attractive court house is a tremendous benefit to our town and it is with their customary foresight that our supervisors have completed the work with effectiveness. Appomattox now has something else to furnish visitors—the best looking court house in Virginia.

Position Endangered

Recent events in Germany, reduced to their essence, boil down to somewhat the following summary:

Hitler, faced with the problem of internal economic plight, took the course to the right and aligned with established capitalism and conservatism. In so doing he gave up his personal army and entrenched the national army as the source of control. That places the national army in a powerful position. Extremely loyal to Hindenburg, the army will sway the immediate future of the nation. Hitler may now be replaced at will by a conservative dictatorship or a return to the Hohenzollerns. What will be the outcome forms the most speculative problem of the day.

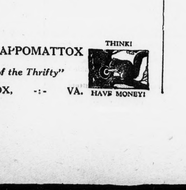
SUCCESSFUL HOMEMAKING

By GRACE VIALL GRAY

BROWNIES ARE FAVORITES

There comes inevitably in every little girl's life the moment when her sense of hospitality is aroused and she will want to make something all by herself to serve the little girls who are coming over to play with her in the afternoon. Mother will undoubtedly be appealed to and, if wise, will suggest the ever-favorite "brownies," sometimes referred to as baked fudge. Brownies have the advantage of being extremely simple to make, nutritious but not overrich, and are always a great treat with summers of delight.

If the following simple directions are followed, good results can be expected, even by the little girl who has had no previous experience. Remember that all measurements should be level and accurate. By using self rising flour, no baking powder nor salt is required, as these ingredients have already been added to just the right proportions by the manufacturer before you buy the flour. Such flour is easy for children to use. There is no measuring and mixing of baking powder or salt and success is easily assured. The flour needs only one sifting.



Brownies.

½ cup butter
2 squares or ounces cooking chocolate
1½ cups sugar
2 eggs
¾ cup self-rising flour
1 tsp. vanilla
½ cup nut meats

Heat and melt the butter to the chocolate and melt over hot water. Add the sugar and eggs, unbeaten. Beat until well blended. Then add the remaining ingredients in the order given and when well mixed pour into a greased and floured cake pan to the depth of one-half inch. Bake in a slow oven (325 degrees F.) until quite firm but not brown. Cut into squares while still warm.

These may be served with a beverage such as lemonade or grape punch, or in the place of cake with ice cream if a more substantial collation is desired.

Little girls have to have tea parties

They like to prepare cookies themselves. This is possible by using self rising flour which takes all the guess work out of baking. This little hostess is treating to her guests grape nuts and brownies made by herself with ready prepared flour or self rising flour.

A Sure Test

The new hired hand was given a plate of mushrooms for breakfast. He asked:

"Say, anyone else eating mushrooms this morning?"

"No, we likelier test for dinner," the farmer replied.

At noon the farmer called in the new hand and asked him how he felt.

"I feel fine," he replied.

The farmer turned and walked to the kitchen, and shouted:

"Hey, all right, Sarah, you can cook up the rest of those mushrooms now."

Bitter but True

The tragedy happened in India. A young officer had been killed by a tiger. The parents in England wanted the body to bury in the family vault, so they wired the colonel of his regiment:

"Please send poor John home to us. All expenses paid."

Week later a huge coffin arrived. On opening it the family was horrified to discover a dead tiger. They wired the colonel:

"Big mistake, Tiger in coffin, not John."

The colonel replied, "No mistake. Tiger in coffin, John in tiger."

Decline In Va. Births

Richmond, July 11 (Special) A recent report rendered by the bureau of vital statistics before the state planning board revealed that there has been almost a continuous drop in birth rate for the state of Virginia since 1923. Likewise, a reduction in the death rate revealed, and though this latter was as great as the reduction in births, it is sufficiently evident to indicate that efforts to prolong life through the promotion of health have not been without an encouraging degree of success.

Lady Says She Took CARDUI for Cramps; Was Soon Relieved

Women who suffer as she did will be interested in the experience of Mrs. Maude Cruse, of Belleville, Ill., who writes: "For several years, I suffered from irregular trouble and cramping. There would be days when I would have to stay in bed. I would get so nervous, I was miserable. My aunt told me to try Cardui. She believed it would build me up, regulate me and help the nervous trouble. I took after taking half a bottle of Cardui that I was better. I kept on taking Cardui and found it was doing me a world of good. I am in good health, which means a lot to me." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. . . . Price $1.

KNEE-ACTION

tops a 22-year record of engineering progress that makes Chevrolet the best riding car in the low-price field

CHEVROLET Year after year, it's been the same old story: Chevrolet FIRST . . . with the NEWEST and BEST! Chevrolet *leading*—others *following*. Chevrolet *out in front* with the latest proved advancements—others in the low-price field trying vainly to catch up with the leader in engineering progress. The self-starter! The sliding gear transmission! Modern streamlined design! *It was Chevrolet aggressiveness and Chevrolet progressiveness that forced all low-priced cars eventually to adopt these and other major improvements.* And now, this year, comes the climax of Chevrolet's engineering leadership: *the Knee-Action ride!* This newest of motoring sensations is a marvel of smooth, easy, gentle motion. No other ride in the world can even compare with it—for comfort, stability, safety and sheer downright enjoyment. It makes Chevrolet far and away the best riding car in the low-price field. What's more, Chevrolet's experience with it has been tremendously successful.

Have you noticed how America has taken to the Knee-Action ride? *In the first 6 months, demand for Chevrolet cars sent production to the highest total attained by any automobile manufacturer during 1934.*

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

FIRST in the low-price field with THE SELF-STARTER

In 1917, buyers of low-priced cars were able to throw away the hand-crank, thanks to Chevrolet.

FIRST *with the* SLIDING GEAR TRANSMISSION

Chevrolet introduced the modern type of transmission into the low-price field. Others adopted it, years afterward.

FIRST *with the* SAFETY GAS TANK

Chevrolet led drivers of low-priced cars out of danger, by putting the gas tank at the rear of the car, instead of in front. Eventually, *all* low-priced cars did the same thing.

FIRST *with* MODERN DYNAMIC LINES

It was Chevrolet that set the pace for the low-price field in true modern streamlined styling.

FIRST with NO DRAFT VENTILATION

Last year, Chevrolet introduced genuine Fisher No Draft Ventilation. This year, other low-priced cars are trying to catch up with Chevrolet—by claiming the same kind of feature.

Feels a Lot Better When Black-Draught Relieves Constipation

From many states come reports like the following from Mr. W. M. Henderson, of Jasper, Fla.: "I have been taking Thedford's Black-Draught twenty years. I take it for constipation that gives me a dull, tired, aching feeling, and I have headache, too. Black-Draught relieves me of this trouble. After a few doses, I feel as good as new. I keep it in my home. I have a big family. When one of us is ailing (from constipation), we take Black-Draught and almost always feel a lot better. It has been worth its weight in gold to my family." . . . Sold in 25¢ packages. "Children like the Syrup."

Mrs. Mary Doss

Mrs. Mary Doss, 83, died Saturday June 23 at the home of her only daughter, Mrs. J. F. Rogers of Oak-ille. She had been in feeble health for quite a while but had been confined to her bed only for about three weeks. Besides her daughter, she is survived by two sons, Charlie Doss and James Doss; and two brothers, Charles Doss, of Petersburg and Doc Doss, of Lynchburg.

Funeral services were conducted in the home of Mrs. Rogers by her pastor, Rev. W. J. Henderson. She was buried in the family burying ground at Hi Red Oak Baptist church. Her grandsons acted as pallbearers and her grand daughters and others as flower bearers.

Mrs. Doss was a kind and well thought lady and will be greatly missed.

Man Goes Fishing; Catches Slot Machine

Tenino, Wash.—Mark O'Neal went fishing. He came home with one trout and a slot machine. He worked half an hour landing the heavy machine his hook had snagged under the water, and an hour and a half making it disgorge a nicket he dropped in to see what would happen. Nothing happened.

Dinosaur 75 Feet Long and 20 Feet Tall Found

Cape Town, South Africa.—A dinosaur recently unearthed in the Tanganyika district is described by Frederick W. H. Migeod, leader of a museum expedition, as a monster 75 feet from the tip of the nose to the tip of the tail, with a giraffe-like appearance. The front shoulders, he said, are 20 feet from the ground and the hind quarters 12 feet from the ground. The neck is 25 feet long.

DOLLAR BRINGS BACK $4.33 IN FARM TEST

An investment of one dollar in quicker nitrogen brought back $4.33 nearly 4,000 Southern farmers say, in conducted demonstrations with fertilizer crops during the last eight years.

Results revealing the deficiency of nitrogen in Southern soils, the record of the demonstrations show that the use of quick-acting nitrogen is one of the most profitable investments a farmer can make on the farm. The nitrogen fertilizer used in all the demonstrations was Chilean nitrate of soda.

According to the summary, a dollar's worth of nitrate used for cotton returned on the average $4.78; for corn, $8.37; oats, $3.24; wheat, $2.94; sugar cane, $5.16; and tobacco, $12.87.

The demonstrations were conducted under widely varying conditions as to soils and climate. In every case the fertilizer application and the harvesting of the crop were checked by county agents or vocational teachers.

Canadian Eats Onions; Claims Insomnia Cured

Toronto.—It sounds like a testimonial for spanish onions, but is true, if you ask James Vincent, operator of 27 Holland Park avenue.

For 18 months Vincent slept not more than an hour each evening. Five weeks of this period he slept not a wink, either night or day.

Three months ago he read in a newspaper that a spanish onion a night was a sure cure for insomnia. He tried it. Ever since he has slept a full eight hours nightly.

"I have paid doctors thousands of dollars to cure me of sleeplessness. But it required the spanish onion, costing a few pennies, to cure me of insomnia," he happily declares.
